

Hi Alumni,

Because so few have supported this web site, we are looking for creative ways to pay for the cost of this web site. There are several options and we want your feedback by participating in the poll to the right. Please let us know what you think and you are welcome to provide feedback through the Community section of the web site (you have to be registered).

Here are the options:

1. Setup it up as a paid membership site for \$5 to \$10 per year to have access to all but the front articles.
2. Alternately, have a lifetime membership of \$25 or more.
3. Using Google Ads to help support the cost of the web site.
4. Forget the web site altogether and shut it down.

Something to think about: There are somewhere between 450 to 650 visits per month. If some kind of activity, news event or other thing is happening, it has gone up to over 1000 visitors.

Please fill out the Poll on the right on the [Home Page](#) ..

Thanks!
